### PROLOGUE

Of its Thirty Eight Steps of Eternal Light  
each step guides the soul's flight.  
Spurred by yearning and devotion  
the soul ascends to Lord's Mansion.

Mool Mantra is the root-realization  
of the Truth's Revelation,  
the Garland of God's Attributes  
of the One Indivisible Absolute.

Mool Mantra is a vibrant string,  
each word or phrase a swirling sling,  
Nad-Shabad vibrating Order Supreme  
within Earth, Heaven and Space in-between.

Standing at the head of Jap  
Eternal Truth crowns the top,  
recited it is at initiation time,  
on each and every auspicious time.

The Creator Lord is the Unborn Formless Word,  
the Song of Song, the Un-struck Melody Unheard  
the Beginning less, Uncreated, Ever-the-Same  
the Self-refulgent All-pervading Light of Holy Name.

No sage, no scripture can His Truth discern,  
Author He is of grand illusion,  
far above the wheel of time  
far above the timeless chime.

## Guru Nanak's Japu Ji : The Celestial Ladder

Its meaning dawns only through His Naam,  
the Word is the Way to God realization,  
instantly Its Light unveils all illusion.

bow before the Book for Light,  
dwell on Its Text with a pious heart  
self-immersed in Guru's Thought.

“The Word is the Guru’, self is the seeking disciple,  
hearing best’, so says the Text.  
As the Word is revealed,  
wounds of world are healed.

Seeker soars on sound-light wings  
to heaven-of-Truth's eternal spring,  
Unstruck Melody guides his flight  
blazed by Word, informed by Light.

### PROLOGUE

Shabad pervades Lord's creation infinite,  
Shabad ordains manifestation of Light,  
through Shabad universes come into being,  
through Shabad do they vanish.

Shabad is the vesture that Creator wears,  
the Mystic Sound is what a seeker hears,  
Shabad is Light of Truth That unveils  
the divine dispensation of bliss and bale.

Deeper you Commune with Word Divine  
no contact remains with worldly chime  
all Your channels merge into one,  
and you return to Origin of origin.

Man's destiny is not cast in an erratic fashion,  
inexorable is law of Karmic retribution,  
Karma is the seed we sow for preferred harvest to reap,  
all choice is ours, of roses or thorns,— in which shall we heap!

To law of Karma every one is bound,  
no one is immune from worldly rounds ,  
each one reaps what he sows,  
and to hell or heaven goes.

In Guru's, law of karma is the solid base,  
but devotion is prelude to Divine Grace,  
if Karma is highway for a pilgrim to ply  
devotion is skyway for His soul to fly.

## Guru Nanak's Japu Ji : The Celestial Ladder

Though law of karma inexorably operates  
Divine Grace, still is the ultimate great,  
predestination or free will, what is the true state?  
Why are some liberated ,others on the wheel gyrate?

Himself He shakes a soul to awake  
or never may. He may reveal His face.  
Inscrutable mystique is Divine Grace,  
only He knows how fetters shall break.

The Path to Divine Grace is inscrutable arduous long,  
but if He willeth, It becomes an effortless song,  
the fruit of every action is in Divine Hand,  
He Wills who shall perish, or who shall land.

No one can translate or transcreate  
the Revealed Word which is Immaculate,  
Its rhythm intricate, Its poetry sublime,  
None can recreate Its mystique divine.
